

Product Description

1.Material:PP

2.Temperature:-30℃ to +100℃

3.Color:red,yellow,blue,black,white,etc

4. Diameter width:8mm-200mm

(Diameter of 8mm-130mm products have stock, and 130mm-200mm products to be customized.)

5. Surface: cambered surface and flat surface

6.Characteristic&Function: The production of polypropylene protection sleeve material is hard, there are two kinds of flat and cambered surface, mainly suitable for large machine wire such as large mechanical equipment(cranes or diggers, etc.), trucks. As well as home water heater hose, lampblack machine, air conditioning pipes or car cleaning by high pressure hose protector.

7. One year warranty.

Detailed Images

Wear and oxidation resistance, oil resistance and aging resistance.

Sunscreen and high temperature resistance,good radiation protection.

Protection against corrosion, high pressure resistance, surface gloss.

Good elasticity, gap junctions are tight and well protected.
